

the KINGS code

The Code is the core set of ten values that determine the culture and define the direction of Kings Church. It sets the tone and the course for how Kings people will build their church.

We Are Personally Devoted – We are individually on a quest to know God and grow in relationship with Him. The early church changed the world when “they devoted themselves” (Acts 2:2) – everyone, all in. Our walk with God is paramount.

We Believe our Resources are in our Relationships – Isolation was never God’s design. Our destiny is wrapped up in our relationships. We are not about the one-man band; we are all about building strong lives *together*.

We Are Your Biggest Fan – We value every person because God broke the mould when He created them. Every person has unique gifts, incredible potential and can be used powerfully by God. We are deeply committed to each other’s success.

We Are All About the Numbers – We are unapologetically concerned about *who* is in church as an empty chair is destined to be filled with a changed life. We exist to grow. We always see the one.

We Will Bite Off More than We Can Chew – If we are going to reach our world, we can’t think small. We will never live according to our circumstances. We will always look beyond, take steps of faith and believe God for breakthrough.

We Always Go Beyond – We promote generosity as a lifestyle decision not a random act. We will model it, celebrate it and look for ways to go above and beyond to give sacrificially.

We Are a People of Honour – We will always look for opportunities to honour those above us and around us because of the calling and potential God has placed inside of them.

We Submit to Godly Leadership – Kings is built on the shoulders of key leaders that God has anointed to lead, bring vision and direction. We will passionately defend our unity under that leadership.

We Are Cadburys Not Pic ‘N ‘Mix – We have a clearly defined culture and flavour that is key to our future. We invite everyone to join us but will not be held ransom by personal agendas or preferences. Our expression is simple, clear and effective.

We Will Do Whatever it Takes – What we do with today ultimately effects what happens tomorrow. There is no room for half-heartedness. We will take responsibility, always full on, and striving for the best with the resources we have.
